Thinking Out Loud

H. M. L.

With so much oratory and near oratory on the air nowadays any voter who turns a radic dial may hear the political doctrine that he needs to bolster his own political faith. From the seductive red of the American commnnists, through the softer shades of modern day conservatism, Yankee shrewdness, and individualism preached by progressive Republican and Democratic leadership, to the rosy fingered dawns and rainbows painted on the air by the pelliferous Roosevelt, who industriously creates a millenium while you wait, the voter, man or woman, may revel, nay bathe, in any oratorical spa that offers him surcease of what ails him.

Our own faith and our confidence is in American intelligence. The people will choose between leaders, that one whom they believe will return us to the safe paths of our forefathers. Not in a horse and buggy, if you please, but in the new streamlined descendant thereof. For this is 1936 and not 1776. Not only have customs, trade practices, industries, and laws been vastly changed, but the people themselves have changed. The blood of the old blue nosed Puritans that founded our nation has been diluted with almost every strain on earth. We are a more tolerant people and as a result of the admixture we are probably a more culturned people, though that might be debated by descendants of the Mayflower voyageurs. The times have changed, the people have changed, and we do certainly need a change in government.

In the days of the horse and buggy there was many a physician who had one sovereign remedy for human ills. The rule for treating a patient suffering from a broken leg, housemaid's knee, fever, carbuncle or a cantankerous disposition was to give a dose of physic. Dr. Roosevelt has given the American people just that. We are now getting over the effects. There is still a little pink rash left on Uncle Sam's rugged countenance but generally speaking he has been thoroughly purged and the physician who physicked him can now be thanked for his heroic treatment, his physics, and leave the patient to his convalescence and a study of how to pay the doctor's $13,000,000,000 bill.

Really to pay this doctor's astounding bill, needs the services of a hard headed business man. Uncle Sam's system is now in need of easily assimulated food such as a balanced diet (budget) a careful husbandry of strength (bank savings and credit) avoidance of strenuous exercise (foreign wars and entanglements). Your Uncle must shun also excitement (conflicts between labor and employers) and nervous strains (Tugwell, Ickes, Hopkins, Frankfurters et cetera, ad nauseum). He needs a friendly business manager and trained adviser.

But while Uncle Sam is now able to crawl out of the New Deal bed and dodder about a bit, he has learned something from this sick spell that will probably influence him in his conduct for the next hundred years. He knows now what a feverish inflation is and a little about the cause thereof. He is going to be very careful about pampering a few of his children with too many sweet special privileges. He is very willing to press the lid down on Wall street when it begins to bubble and boil and send hot flashes across the body politic. For your Uncle Sam, relatively is a young man, and he can learn. He is going to be careful, cautious for awhile, at least, and watch his step.

But what political doctor ever parted willingly from a rich, very rich, patient. And Dr. Roosevelt, with a good many patent medicines, nostrums and cure-alls, on his shelves still untried, would like to retain his job as Uncle Sam's physician. This patient, to whose service the good doctor has summoned over 800,000 nurses, internes, anaesthetic administerers, assistant surgeons for operating both on Uncle Sam's purse and his person is in a sad predicament. The entire staff of Dr. Roosevelt's hospital, 800,000 of them, is looking to Dr. Roosevelt to give them another four-year span for resusicitating your Uncle Samuel. No college rooters section, declaiming hysterically, vociferously: "Hold that line!" is more earnest than these 800,000 yammering job holders.

But the pie-counter boys, the pink and red decadents and lunatics, the alphabetical cohorts battening on the pap of U. S. tax funds handed out in the sacred name of human charity and used as a club to retain the Rew Deal in power, all this rag tag and bob-tail which the tax payers have been called upon to support and sustain as tenderly as the man with a black eye sustains a horse leech, all these are not yet numerous enough to put our Lord Bountiful back on the job, IF the Literary Digest poll, which last Friday showed a majority for Landon in 32 states, is right. Gold help the Literary Digest if it is wrong.

FOREST SERVICE WILL SALVAGE BURNED TIMBER

Supervisor DeWitt Nelson, of the Tahoe National Forest, received a letter from the Regional Foresters office in San Francisco today on the outlook on the weather situation. They don't give any hope of a let-up in the long dry season and state fire hazards are just as dangerous in the forests as at any time during the past summer. High winds and low humidity can be expected. The forest service still has men mopping up on the Forest Hill fires where there was a 20 mile fire line at one time during the conflagration.

A small fire was reported in the Moonshine area north of Nevada City Sunday. The forest service camp at Camptonville brought the fire under control before it made much headway.

Wilbur W. Woodbridge, of the regional office in San Francisco, is in Nevada City making an inspection of equipment of the Tahoe National forest.

B. C. Goldsmith of the local office and engineers made an inspection tour of the burned over area in the Tahoe National forest recently. It is estimated approximately 23.000 acres were burned over and it has been decided there are about 12,000,000 board feet of ponderosa and sugar pine lumber and 50,000 cedar posts that can be sold and salvaged.

The local forest service figures on replanting pine trees on 2,000 acres this fall and 2,000 acres next fall, in the burned district.

A request has gone into the army headquarters from the Tahoe National forest service to move the CCC boys from their summer camp at White Cloud November 20. This is the latest men have remained at camp since the CCC were originated. There are 170 boys in camp from Missouri. Replacements were made from the same state several weeks ago. The local headquarters speak with pride of these boys stating they are a fine lot of hard workers.

Supplies are being laid in, and camp gotten in shape at Camp Grass Valley, west of Grass Valley, for the winter quarters for the boys.

CIVIC CLUB TO HEAR MR. GRAVES TALK ON BALLOT

Frank Graves, well known attorney of Yuba City, will this evening address the Woman's Civic Club and the twenty three measures which will appear on the ballot November 3. There will be a short but important business meeting before Mr. Graves speaks and all members of the club are urged to be present.

TRIAL OF TWO GAME KEEPERS TOMORROW

The trial of T. Van de Koolwyck and George Grant, arrested October 17 and charged with conducting a gambling game in violation of the state law at the Nevada Tavern will begin tomorrow morning at 10:00 a. m. before Justice Walter Mobley in the justice court in the county court house.

Mrs. Virginia Shadduck and party from the Kenton mine near Allegheny were Nevada City visitors Saturday evening. She stated the fire at Forest which started in the hotel burned fourteen buildings among them being the Methodist church. Mrs. W. Davies home, hotel and old stage barn.

DICK BENNETT PLAYS IN STANFORD BAND

"Local boy makes good!" At least that is what they are saying about Dick Bennett since his debut as trombonist in the Stanford band. Young Bennett played in the band at the Stanford-Southern California game. Bennett is not new to the band business, however, and got his early experience playing in the Nevada City high school band when he went to school here.

PLAIN SPEAKING ON ROOSEVELT'S COMMUNISM

Two hundred or more Republicans and non-partisans gathered yesterday afternoon in the pleasant garden of the old Birdsall residence in Auburn, as guests of Mr. and Mrs. Van Court Warren, who have taken over the place, and heard Ruth Comfort Mitchell (Mrs. Sanborn Young) and Congressman Arthur Free speak on the issues of the national election. The chief issues developed was Roosevelt's leaning toward communism.

Mrs. Young was delegate to the Republican National convention in Cleveland, Arthur Free, Republican congressman for 12 years, including the Hoover regime was defeated four years ago, because he gave all his time to the battle to re-elect Hoover, and paid no attention to his own candidacy.

Mrs. Vanderwater of Long Beach, National Republican committeewoman for California, was present and gave an interesting talk. Wendell T. Robie was chairman of the meeting.

Mrs. Young's address in effect was a spirited admonition to go out in the highways and byways and make converts for sane Americanism. She told of her experience at the national convention when the Texas delegation took the lead in a great demonstration in honor of Herbert Hoover, of California, the only living former president. She touched lightly on the many contacts she had had with people in all walks of life. Many she found who frankly acknowledged that Franklin "Deficit" Roosevelt had made many mistakes but on account of his big hearted generosity with the nations credit and the tax funds, they thought he ought to have another chance. To these she brought home the fact that were they to make blunders in their everyday service for their employers they would speedily find themselves looking for another job.

Arthur Free gave intimate details of the life President and Mrs. Hoover had led in the White House and contrasted the Hoover household with that of the Roosevelts to show the difference in the character of the two men and their wives.

He recommended two books for all to read. "The Red Network" and "Hell Bent for Election." In the first are quotations from Felix Frankfurter, chief organizer of the Civil Liberties Union, the principal concern of which is to put up a legal defense for every communist who gets into trouble with the authorities. It is Frankfurter, he declared, who slips in and out of the White House and approves or disapproves of all the bills which Congress passes. It is Frankfurter's O. K. that puts a bill through Congress and the President always takes his advice. The kit and biling of Communists, including "Ma" Perkins, Secretary of Labor, Rex Tugwell, were brought into intimate relation with the President through the strong influence, wielded by Mrs. Roosevelt. The money Mrs. Roosevelt earns by speaking or writing, Free declared, goes to the support of Communist organizations.

Secretary Perkins, although there have been something like 2,500 convictions and deportations of communists ordered has refused to permit a single deportation.

Tugwell was a delegate from the communists of this country to the Third International convention in Moscow. His books all advocate communism.

Free stated that there was just one plank of the Democratic platform of 1932, which President Roosevelt had lived up to. That was the plank that favored repeal. While the President has discarded all other planks the Democrats had adopted as his own, nine planks of the Socialist party platform of 1932.

Owing to the illness of Mrs. Van Court Warren's father in Pasadena, neither the host or hostess could be present, but a group of neighbors took their place. Tea, punch and cakes were served. There was a large representative delegation of people from Grass Valley and Nevada City there. All grealy enjoyed the addresses.

CCC BOY WITH PANTS AFIRE THINKS FAST

The causes of the fire that burned a government truck at the Grass Valley CCC camp last Thursday afternoon are unknown but the results of the fire are only too well known to one Claud Hedrick, enrollee of the camp who has been "eating off the mantle" for four days now.

Claud was filling the gas tank of the truck after a hard day of hauling coal from Colfax preparatory to the occupation of the Grass Valley camp by Company 3711 early in November. The sudden appearance of flames over the opening of the tank startled Hedrick into dropping the gas hose and drawing back quickly—but not quickly enough. Because his pants caught fire. Claud thought rapidly during the impromptu Indian war dance that he executed to the astonishment and horror of onlookers. The thoughts resolved into action and off came Hedrick's pants.

This self-administered first aid saved Claud from serious consequences. Camp Doctor Gericke declared that burns were superficial and prescribed a new pair of pants and extreme care in sitting down for a few days.

An investigation of the cause of the fire is being carried on by camp officials.

YELLOWJACKETS LOSE FAST GAME TO SAN JUAN

Playing against a decidedly heavier San Juan eleven the Nevada City players went down to a 19-0 defeat at the San Juan gridiron Friday.

Utilizing beautifully executed fakes and laterals the San Juan team behind a heavy line scored in the first few minutes of play.

Unable to get going on the offense the Yellowjacks were scored on in the second and third quarters. Harding, playing heads up football was injured early in the third quarter and Joayl replaced him at quarterback.

Taking the ball deep in their own territory at the beginning of the fourth quarter Joyal started an aerial attack. Passes by Bonner put the ball on the four yard line where a fumble cost Nevada City the ball. San Juan kicked and Eddie Doolittle at safety ran the ball back to the one yard line. An off sides cost Nevada City five yards and the ball game ended.

Harding played a hard and fast game despite a lame back besides doing a good job of punting. Perez, Bonner and Widauf were the mainstays in the line. Bonner was captain for the day.

EDITOR THANKS EDITOR

Mr. H. M. Leete, Editor
Nevada City Nugget
Nevada City, California

Dear Mr. Leete:

On behalf of the Nevada City High School Searchlight Staff, I wish to sincerely thank you and your Nugget staff for the opportunity of putting out the October 16th issue of your paper.

We appreciate the way you and your staff have helped us in all our endeavors.

Gratefully yours,
FRED GARRISON
Editor Nevada City High School Searchlight.

October 23, 1936.

Mr. Thomas White had as visitors last week his daughter, Mrs. R. Tugwell, Mr. Tugwell and small son of North Hollywood.

Bert Wilmerton spent the week end in Sacramento on business.

Blast And Counter Blast

To indicate how wrong people are who think that an editor's bed tick is filled with goose down and rose petals, to show how strong leaps the popular tide when it rises during the full moon of a presidential campaign, and to hearten doubting-Thomases, advertisers who wonder whether people read the Nugget or not, we have re-printed here two letters to the editor of this paper which arrived from two poles of diametrically opposed political faith. Of course we bask in the sunshine of the reader approval and sweat in the hot blast of reader disfavor. Between the two, the roast and the comparison with Willy Hearst on the one hand, and the noble enconium to the true patriot on the other hand, we strike a balance, maintain our serenity, and continue to hue to the line as we see it.

CON

Sacramento, Calif.
Oct 21, 1936.

Dear Mr. Hearst:

I guess that is the right title, for it sure sounds like it. I am writing to tell you that your damn paper is a liar. I guess I can call it that, for they had the nerve to call the president that.

Anyway you can stop your d— paper any time you like, for I don't like to read such lies and ——. The more your paper knocks the president, the more determined I am to vote for a white man, not Wall street, for I have seen all I want of Hoover for awhile.

MR. J. B. GRENFELL.

PRO

San Jose, Calif.
Oct. 21, 1936.

Mr. H. M. Leete,
Editor Nevada City Nugget,
Nevada City, Calif.

Dear Sir:

I am writing to congratulate you on the very able and instructive editorial you have in the Nugget of October 19th, both under the title of "Thinking Out Loud" and "Which will you have?"

Both of these articles should be read by every voter and if they are thinking voters, they can not help but be influenced to do the right thing.

Keep up the good work.

Very truly yours,
CLAUDE STARK.

KELSEY KEEPS JOHN MARSHALLS SMITHY INTACT

(By ED C. UREN)

Many people are unaware that within fifty miles of Nevada City may be seen one of the most interesting historical exhibits in the state.

Over at Kelsey, in El Dorado county, about 25 miles from Auburn on the Greenwood-Placerville highway, Miss Margaret Kelley, once a close friend of John Marshall, who is credited with the first riscovery of gold in California, has enclosed with conerete and rock the old Marshall blacksmith shop intact, with all its tools and equipment.

For John Marshall, miner and craftsman, had moved from Coloma to Kelsey where he built the shop in 1870 and carried on his trade for many years.

Here in this substantial little building are to be seen the crude tools that Marshall created to work with as well as many of the articles he made; horse shoes, shoes for oxen, yokes, family album, dishes, portraits and furniture; old records dating back to 1856; a collection valued at $15,000 and which would take half a day to cover thoroughly.

There is even a large portrait of the exotic Lola Montez and an elegant enlargement of handsome Jim Butler of Tonopah fame.

Miss Kelley is a former school teacher; a brilliant and entertaining talker and through her efforts she has preserved in this little village a collection of antiques that is growing more valuable every year and is worth going many miles to see.

Kelsey is on the great Mother Lode of California and while not much in the way of deep mining has been done, large outcrops of quartz are prominent and the ravines, in early days, were unusually rich in gold.

A slate factory is situated just north and large quantities of Mariposa black slate is being split into roofing material.

This route to Placerville, beyond Kelsey, descends into and across the rugged canyon of the South Fork of the American. From the top of the hill is seen the smoke stacks of still another slate factory just east of where the road crosses the river. The drop to the river is abrupt but the road has an easy gradient and joins the Auburn road a short distance north of Placerville.

Mrs. Charles Meyers accompanied her husband to Pike City. He is employed at the Alaska mine. Mrs. Meyers has pust returned from a visit of several weeks at San Bruno with her son and daughter.

Mr. and Mrs. John Boyd of Newark, Mr. and Mrs. Hershey of Oakland, visited Mr. Boyd's sister, Mrs. Brian Krough, and family in Nevada City last Friday.

REHEARSAL FOR 'THE DOVER ROAD' IS BEING HELD

With rehearsals well under way "The Dover Road", a three act comedy to be presented by the Women's Civic Improvement Club on November 17th, promises to be one of the gayest and most entertaining amateur theatricals ever presented in this community. Nevada City and Grass Valley play goers are eagerly looking for this event.

Plays in which local people have taken part, have always been enthusiastically received by audiences in the two cities, and the public will welcome this opportunity to enjoy an evening of worthwhile entertainment.

Members of the cast, under the capable guidance of Miss Lois Shaw, are devoting every possible moment to perfecting their parts and are eagerly awaiting an opportunity of demonstrating their dramatic ability.

Those who have seen either the stage or the screen version of "The Dover Road" need no introduction to this sparkling comedy which has enjoyed phenomenal success on the London and New York stages.

The Women's Civic Improvement Club will use the proceeds of the play to further their plans for the general improvement of the community.

WOMEN GREET REPUBLICAN NAT. COM. MEMBER

Mrs. Edith M. Vanderwater, National Republican Committee woman for California in her tour of the smaller communities of Northern California this afternoon was the guests of Nevada City women. She called at the headquarters of the Independent Coalition of American Women, which maintains a branch office in National Hotel and met several of the women who are working earnestly in this community for Governor Landon's election. She was accompanied by Miss Geraldine B. Hadsell, the organizer of many Sunflower clubs of young voters, or those voting this year for the first time.

Both women report that everywhere throughout California, nonpartisan groups, Republican and not a few Democratic women voters are enrolled and busy organizing workers for the return of this country to the "American Way."

Messrs. McCumber and Mauri have sunk their shaft 90 feet and are waiting for a pump to handle the water. The men are well satisfied with the showing in the shaft. The ground is near the Hughes property west of Nevada City.

A Credit Threat

The assets of the individual banks in the country are in government bonds ranging from 60 to 75 per cent of the total. Democratic Senator Glass said of this condition in March, 1935 "If we had a decline today in the market for government securities, and they fell to 82 or even to 89 or 90, it would put every bank in the United States into insolvency." The credit of the government, upon which the value of its bonds rests, is not helped by the persistent deficits which are now incurred.

The Deadly Parallel

The Declaration of Independence, referring to King George III says:

"He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance."

The Republican platform of 1936 says, concerning the Roosevelt government:

"It has created a vast multitude of new offices, filled them with its favorites, set up a centralized bureaucracy and sent out swarms of inspectors to harass our people."

Bridges Favors New Deal

Harry Bridges in recent advice to maratime workers, counseled them to vote for Roosevelt. Bridges is the alien Australian communist who was convicted by the Federal Immigration Board of being an undesirable alien. The board recommended his deportation. "Pinkie" Perkins, Secretary of Labor in the New Deal cabinet kept Bridges in America by declining to agree to the recommendation. Which may be reason why Bridges approves the New Deal.

HALF OF FOREST CITY WIPED OUT

Bucket brigades, CCC men and forest service fire fighters failed in their combined efforts to check the fire that broke out in the old Bald Mountain Hotel in Forest, Sierra county at 11:45 Friday, night until half of the town had been destroyed. The water facilities of the town failed at the crucial moment and it was found that silt clogged the main pipe that fed water to the fire hydrants. When water force finally dislodged the silt it was too late and nothing could be saved that the fire had already reached. But the efforts of the fire-fighters, working with portable fire extingueshers and forest service and CCC pumpers saved that portion of the town that the flames threatened. The Knighs of Pythias hall was the one building that actually started burning that was saved by fire-fighters who cut away burning portions of the roof and turned streams of water on it.

A phone to Ray Hawkins at Alleghany brought CCC men to the scene from the Camptonville spike camp. The excitement of the fire caused a delay in getting information to the forest service fire-fighters ers and a valuable hour was lost before they arrived at the scene.

Through the use of the pumpers and portable tanks of water the forest service and CCC men kept the fire from spreading beyond the area that was burning upon their arrival.

The buildings above the hotel caught rapidly and the Fred Fippin residence and store, the big stable of Mrs. Anne Davies of Marysville, the Fred Fippin barn across the street, the Chris Honold blacksmith shop and the nearly completed new home of Llewelen Davies were successively consumed. Concurrently with the burning of these buildings the fire jumped the creek on the south end of town and burned the Methodist church, Mrs. Anne Davies' barn and the homes of Mrs. Edith McKenzie, Perry Bixby, Joe Finane, George Stone and Mrs. Mabel Davies.

The postoffice located in the home of P. W. Morris was just two houses north of the burned area. Mr. and Mrs. Morris took no chances with the government property and moved all equipment possible out of the house and out of danger.

The loss in money is hard to estimate but is set at about $30,000. It is thought that no fire insurance was carried on any of the burned buildings with the possible exception of the hotel. Those made homeless by the fire were taken care of by neighbors and residents of Alleghany.

A high north wind carried the blaze rapidly from building to building. Small fires started by wind carried pieces of flaming material were quickly put out by the bucket brigades and later by the CCC forces. Had the water main not been clogged with silt there possibly would have been a much different story to tell of the fire at Forest.

GREAT NORTHERN IN NEW LEDGE

Arthur M. Hoge, the manager of the Great Northern Gold Mines, Inc. reports that the new ledge opened up by the leasers is showing up well and that the mill is now operating steadily on a one shift basis.

He also reports that plans are underway for new developments on this same ledge on the deeper levels and also for the purpose of opening up new ore bodies that have as yet not been developed in the foot wall and hanging wall country and that before a great while he expects to have the mill operating on a two shift basis and eventually in full time operation as soon as the development plans are carried out.

WELL BABY CONFERENCE TO BE HELD THURSDAY

Sponsored by the Nevada City P. T. A., a "well baby conference" will be held in the Sunday school room of the Methodist church from 9 a. m. to 4 p. m. Thursday. October 29th. Dr. Emmeline Banks from the State Department of Public Health, Bureau of Child Hygiene will be in attendance. This is to be one of several conferences to be held at regular intervals during the coming year.

Expectant mothers, infants and pre-school children are invited to attend. No charge will be made for the examinations, or the suggestions and advice on proper physical care, the proper diet, habit training and clothing. Children that are brought to the clinic must have been free from colds or contagious illness for a period of 14 days before being brought to the conference.

Nevada Theatre

MONDAY

HIS BROTHER'S WIFE- Robert Taylor and Barbara Stanwyck. She fell in love with Bob! She married his brother! That's only the beginning.

TUESDAY AND WEDNESDAY

SUZY- Lovely Jean Harlow dances in a chorus in war time London, tangles with a dangerous spy and two husbands, and extricates herself from her troubles in gay Paree.

CAMPTONVILLE BUILDING GAINS

CAMPTONVILLE, Oct. 26.—The barometer of the future of a community usually cen be read by the building which goes on in the community. During the past few months several changes of property and building improvements shows that the community is on the up-grade, and one of the new developments in this section is the number of summer home sites that are being utilized.

As a matter of fact, sites for the Forest Service special use permits are becoming very scarce. Places of that type are those owned by A. E. Crothers on Mosquito Creek, Mrs. Rose Doyle on Campbells Gulch, and newly acquired this year, the old Redmayne place, taken over by Jos. Wilson who had made extensive additions, and the Burton C. Lund log cabin on Mosquito and Oregon Creeks, purchased by Wm. Schorn of Sacramento. Mrs. Anna F. Grove maintains a summer home, recently built in town, and J. M. MacDonald of Alameda maintains such a home in Oak Valley.

Mr. Richard R. Pfiffer who recently acquired the old Locey property on Jackson street has built a spacious log home creditable to the community. Mr Pfiffer cut his own logs, peeled them, hauled them and built the house practically all by himself. It has large proportions and will house his family of six.

J. E. Pauly recently built a new front porch on his home in Main street.

Mrs. Rachael M. Labadie proprietor of the Hotel Francis recently had a complete new iron roof installed on her hotel. The work was done by Lee Bullington, local carpenter and contractor.

Other improvements are underway all of which permits Camptonville to keep her title, "the cleanest town in the mountains."

CHEVROLET BUILDING STARTED

Work started on the Chevrolet building on the Isador Cheim property at the Plaza this week. Forms are up for a 24x37 foot cement building which it is understood will be the office, with a sales and store room in the rear. The latter will face Main street on the northeast side of the lot. R. Corcoran is the contractor.

TAX BILLS MAILED

County Treasurer Frank Steele and assistant, Miss Elma Hecker, are mailing duplicate tax bills to 5,156 people, one to every property owner in Nevada county. A number of these bills are sent out of the county, some going to England.

Albert H. Hamilton has returned from Sierra Valley where he spent the summer with the Forest Service.

BANKRUTCY MAY RESULT IF ROOSEVELT WINS

Citing the record of Alfred M. Landon as a citizen and as governor of Kansas for thrift, prudence and economy as compared to the record of President Roosevelt for waste, extravaganve and broken promises, Mark L. Requa, of Santa Barbara, former California Republican national committeeman, in a radio address last night over Station KPO urged every American citizen to vote for Landon and Knox November 3.

"Unless you do change the reckless spending of public monies, and introduce some sane management of the national affairs this country is headed for bankruptcy," the speaker declared.

He traced the life of Alfred Landon from his college days to his present eminent position. He said the Kansas Governor had learned by practical experience what it was to meet payrolls every week of every month year after year, because Landon had no silver spoon placed in his mouth at birth, and had to make his own way. As a lawyer, as an oil man, as an office holder, he always displayed the same trait of not spending a dollar until he had it in hand, and the balance of the budget of Kansas shows what can be done by a man who has practiced that virtue.

As an example of the patriotism of the Republican presidential candidate, Mr. Requa quoted from a conversation he had with him recently in which Governor Landon said:

"I believe the situation confronting this nation is so serious, the danger so great that no man should allow personal ambition to govern him. I would in an instant withdraw from national politics if by so doing I could help in the solution in a small degree of the problems confronting us."

"And Alfred M. Landon would do just that thing," concluded the speaker.

HALLOWE'EN COMING

Harris' Drug Store is displaying a brilliant array of Hallowe'en goods consisting of black cats, pumpkins, masks, orange and black crepe paper and many emblems that are a delight to old and young. Several gay little parties are planned over the Hallowe'en season at the end of the month.

COUNTY TAXES FOR 1936

The taxes on all personal property secured by real property and one-half of the taxes on all real property for the fiscal year beginning July 1, 1936, and ending June 30, 1937 will be due and payable on the 2nd day of November, 1936 and will be delinquent on December 5, 1936, at five o'clock p. m., and unless paid prior thereto eight per cent will be added to the amount thereof, and if said one-half be not paid before the April 20, 1937 at five o'clock p. m., an additional three per cent will be added thereto. The remaining one-half of the taxes on all real property will be payable on and after the January 20, 1936, and will be delinquent on the April 20, 1937, at five o'clock p. m. and unless paid prior thereto three per cent will be added to the amount thereof, together with a further charge of fifty cents for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the County Court House, Nevada City, California.

FRANK STEEL,
County Tax Collector.
County Court House, Nevada City, California.

DRIVE TO SEND EVERY GIRL TO CAMP FIRE

With the motto "Every Girl Go To Camp" before them, the Nevada City Camprire Girls are sponsoring a card party at the Odd Fellows hall on the 28th of this month. Funds raised by the party will go towards sending all girls to the Camp Fire camp.

Whist, bridge, monopoly and mah jongg will be played at the party. The girls hope they will have a good crowd.

No Trespassing or Hunting Signs. PRINTED ON CLOTH. For sale at The Nugget Office.

and YOU'LL BUY A GAS CIRCULATING HEATER

COMPARE STYLE AND BEAUTY—Here is the style leader in the heating field for 1937. Satin, smooth enamel finish. Smart modern lines. Rich, gleaming chromium louvres. An array of color choices to bring a distinctive color note into your home. Take your choice of these color finishes—Satin White, Primrose, VelvetBlack, MontereyBiege, Regal Mahogany or Abbey Walnut.

No Circulating Heater Is Modern without

This Fuel-Saving Thermostat Control

COMPARE ECONOMY—There is no guesswork with Gas fuel. Gas heating costs are a matter of record with the gas company—the cost for a heating season and the cost per monthly billing. Figure the cost of gas heating against any other type of fuel in dollars and cents or on a heat content basis and you'll satisfy yourself that GAS heating is NOT expensive and costs no more than less satisfactory fuels. Do not be misled. Get the facts. Ask for heating cost estimate.

COMPARE CLEANLINESS—When GAS heat comes in all work and all dirt that goes with old fashioned fuels is ended forever. The bugaboo of "Spring cleaning" almost disappears as floors, walls, curtains, ceilings and furnishings cannot get smudged, grimy or sooty. GAS burns CLEAN.

COMPARE SERVICE—Back of every gas heating appliance you buy is a double assurance of service. Your local gas appliance dealer stands back of every gas appliance he sells. Your gas company maintains a staff of courteous, neat, efficient service men. For the life of any gas appliance, while you are a customer of the gas company, this service is yours to call at any time. Only GAS heating can give you this lifetime assurance.

COMPARE VALUE—Here is carefree heating. Here is thrift because Thermostat Control prevents fuel waste. And only GAS Circulating Heaters can operate successfully with a fuel-saving thermostat.

Come in today and select your Gas Circulating Heater. Save money. Enjoy the best in economical winter heating at a cost no greater than ordinary or old-fashioned heating devices.

SIXTH GRADERS HOLD PICNIC IN PARK

The Sixth Grade pupils at Washington grammar school were entertained with a party in Pioneer park Thursday afternoon. The party was won by the class last year when they succeeded in bringing out the largest number of mothers to P. T. A. meetings over a period of months. Mrs. Mamie Richerson, class mother, assisted with the party.

A picnic supper, hamberger sandwiches prepared at the fireplaces over in the grove, was enjoyed by the children who had spent several hours playing games. Mrs. E. T. Bonner is president of the P. T. A.

LANDON LEADS IN U. C. BALLOT

BERKELEY, Oct. 26.—University of California students decisively endorse the presidential candidacy of Governor Alfred M. Landon, it was announced today when results of a campus-wide straw vote were announced.

With approximately 2300 undergraduate students participating in the presidential secret poll conducted under official student body auspices, the outcome showed Governor Landon leading President Roosevelt, 1058 to 952.

William Milton, campus chairman of the Young Republicans of Northern California, declared the results to be a "stimulating endorsement of constitutional government."

"I am delighted but not surprised" he said. "It is good to know that the students at American's largest University are unanimously in favor of governmental reform along progressive, sound channels."

Republican political observers hailed the poll as "significant," declaring that the ballot, first of its kind to be held at any western university during the presidential campaign, heralded a nation wide student landslide in favor of Landon. Complete results of the California poll, as announced by Dana Cook, Oakland, chairman of the campus elections committee. were: Landon, 1058, Roosevelt, 951, Thomas, 150, Browder, 120, Lemke, 7.

A similar vote will be held at Mills College next week it was learned.

September 29, 1932, President Roosevelt promised to reduce taxes and balance the budget by cutting government expenses 25 per cent. Today more than fourteen new laws have been passed involving new taxes and taxes have been increased 196 per cent!

Stripped of its "WHISKERS"

PROPOSITION #22 IS A TAX ON YOU!

You must *defeat* it or *pay* it—in HIGHER PRICES ON FOOD AND OTHER NECESSITIES

There is a "joker" in Proposition 22 on your November ballot!

Called a "Retail Store License," it looks innocent enough. But stripped of its disguise, it is a Tax *that will have to be passed on to you in higher prices.*

It provides that chain stores selling food and other necessities will be taxed $500.00 a year for each store over nine. Individual stores will pay only $1.00 a year—or one five-hundredth as much.

BUT...

...says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

BECAUSE...

...as the Harvard (University) Bureau of Business Research discovered in studying 32,998 chain stores...chain stores operate on a small profit. They eliminate middleman's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in *prices 10% below the average.*

Four out of five chain stores do not make enough profit to cover the tax. Thus some of them will be forced out of business—*allowing their competitors to raise prices.*

Surviving chains will be forced to raise their prices to pay the tax.

Either way, you will foot the bill.

Remember, this tax is admittedly *not for revenue purposes.* It is cleverly camouflaged subsidy for the middleman and wasteful business methods—*at your expense.*

If you think that chain store competition helps to keep *all* prices in line with your pocketbook—if you think that you already PAY ENOUGH TAXES ON FOODS AND OTHER NECESSITIES, *vote NO and keep prices low.*

For no matter how named...no matter how heavily disguised...*22 is a tax on you...VOTE NO!*

22 IS A TAX ON YOU—VOTE NO!

22	**RETAIL STORE LICENSE** Referendum against act of Legislature (Chapter 349, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepts filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses. CALIFORNIA CONSUMERS CONFERENCE

RED CROSS AIDS BANDON REFUGEE

RANDON, Ore., Oct. 26.—J. W. Richardson, director of disaster relief for the American Red Cross, here today anounced that the Red Cross will immediately start an emergency housing program, replacing 80 tents now sheltering the Bandon fire refugees with temporary houses.

These emergency houses will be small, but warm and comfortable, affording better shelter against the cold winds of winter. They will be erected as rapidly as possible and in such number as will meet the need of the distressed families.

In the meantime the disaster relief workers will proceed with the rehabilitation work, making awards to families which will provide permanent rehabilitation when conditions permit.

Other Bandon families, who have resources of their own, will be issued temporary building permits by the Bandon municipal government and will proceed immediately with their own building plans.

Just because you pay no income tax don't think you don't pay taxes. Your butcher, baker and scores of others in business are collecting from you and handing over to the government. That's called "hidden taxation."

Justifying his record of extravagant spending, the President asks: "Would you have us let people starve?" How about the Republican applicant for a WPA job? He must register as a Democrat or starve.

Bride is Given Linen Shower

Mrs. Ruth Nelson of San Francisco, recent bride who married in Reno, on October 13th, was guest of honor at a linen shower given for her by Mrs. Ida Magonigal and Miss Blanche Trewella last Friday evening. The bride is the daughter of A. J. Evans of San Francisco and the late Norman Skewes. She was Miss Ruth Skewes before marriage.

Nelson is a native of Alabama and is employed by the government. He and his bride will go soon to Washington where the groom will be at work.

The lovely gifts were presented to the bride by little Mildred Tobiassen, dressed in a rain cape and umbrella. Four tables of Dutch whist were played and prizes were won by Miss Ruth Hutchinson, Miss Katie Eddy and Mrs. Lucille Johnson. Refreshments were served to the guests after the card games and the presentation of the gifts.

Mrs. Frank Farmer Entertains Club

Mrs. Frank Farmer entertained members of Friendship Circle of the Ladies Aid Society of the Methodist church with a dainty autumn party at her beautiful home southeast of Nevada City Wednesday. Gay Hallowe'en table cloth and napkins and bright autumn fruits and flowers added charm to the happy little affair. Twelve were present to enjoy the afternoon.

BANNER MT. POST

At a meeting of Banner Mountain Post, V. F. W., Thursday evening it was decided to old installation of officers November 22. Those nominated at a recent meeting were Bill Mitchell, Commander, Glen Cleland, Sr., Vice Commander; Bert Wilmerton, Jr. Vice Commander, and Ed Rose, quartermaster.

PRIVATE DIARY (of a young lady)

ON MONDAY: Nothing ever happens to me! Excitement and Glamour and all I ought to be . . Ah, well, diary, What's the use.

ON TUESDAY: The scene changes. To a party at Mildred's. Enter the handsomest man . . . athletic type, who knows his way about.

ON WEDNESDAY: At home. He called and I in my pink chiffon. with the for-get-me-nots. But they didn't prophesy well at all. He left early and forgot me.

ON SATURDAY: I powdered over my tears and Mildred took me and my sad tale to CHARLES. In a twinkle he ad diagnosed my case and he did my hair in a fair 'Juliet' coiffure.

ON MONDAY: I bumped into HIM at, of all places, the postoffice. He was so sorry (about bumping me, I mean), and drove me home and said he was calling soon to take me to the show. And I'm going, after I've had my hair done as it should be at

R. N. McCORMACK,
County Clerk, Nevada County, California.

TOWNSEND FOLLOWERS WILL RALLY TONIGHT

Dr. James Heady, master of ceremonies for the big Townsend radio rally to be heard tonight from 8 to 9 p. m. over radio station KNX Hollywood and KSFO San Francisco and Oakland, will have a number of worthwhile speakers to introduce and some good entertainment to give listeners, according to the club reporter.

Speakers will include State Director Edward J. Margett and several congressional candidates. It is hoped that Dr. Francis E. Townsend can deliver a message to his followers during the program and the possibility is that he will make the address.

Personal

Rev. and Mrs. Charles Washburn enjoyed dinner with the CCC boys at their summer camp, White Cloud, east of Nevada City, Sunday.

Mr. and Mrs. Jack Mlinarich former residents who are living at Susanville spent the week end in Nevada City with relatives.

Dr. and Mrs. David Reeder have as a guest Mrs. Reeder's sister, Mrs. W. W. Mayer of Philadelphia, Penn.

Mrs. Helen Keifer went to Oakland several days ago to attend the funeral of her aunt.

Mrs. Maude Neiva of San Francisco is spending some time in Nevada City. She fas formerly Miss Maude Pianezzi of this city and owns the hotel at the Gold Run bridge which is now undergoing extensive repairs.

Plenty of CLEAN OIL HEAT ..WHERE YOU WANT IT!

Patented Shutters are exclusive feature of SUPERFEX HEAT-DIRECTOR

SUPERFEX Heat-Director No. 1019, one of eight new SUPERFEX heating stoves, including several radiating heaters

For a chilly spot anywhere in the house, get a portable PERFECTION Heater in beautiful modern design.

● Plenty of heat? Yes, plenty—even for another severe winter like last year's. Superfex heating is ideal for milder weather, as well, responding instantly to a turn of the control dial. And it's clean heat, for with oil there are no ashes.

The Superfex Heat-Director offers both circulating and radiating heating in one stove—with an additional, exclusive feature, DIRECTED HEAT. Patented, adjustable shutters on three sides of the porcelain enameled cabinet, direct heat rays outward or downward at any desired angle.

The removable fuel reservoir holds five gallons, enough for as many as forty-two hours on one filling.

See the new Superfex models in modern design, at your dealer's. Eight to choose from, including several Radiating Heaters.
